GOVERNMENT OF GOA

Department of Agriculture

Notification

3/3/Hort/State/2/2013-14/D.Agri/111

Horticulture is a major activity in the State, as it occupies more than 60% of the total cropped area. The small and fragmented holdings coupled with high cost of labour have increased the cost of cultivation with corresponding reduction in income in recent years. It is therefore proposed to support this sector with various incentives and assistance.

1. *Short title and commencement.*— (i) The scheme shall be called “Development of Horticulture”.

(ii) The scheme shall come into force with immediate effect and shall remain in force till it is withdrawn.

(iii) The scheme shall cover all talukas of the State of Goa.

2. *Objectives.*— (i) To increase the area and productivity of horticultural crops.

(ii) Boost to floriculture activity.

(iii) Increase production of quality vegetables.

(iv) Promote fruit yielding trees in open spaces.

(v) To create irrigation infrastructure to support horticulture and other agricultural activities.

3. *Selection of farmers.*— (i) All owners of land willing to cultivate agri/horticultural crops are eligible to avail the benefits of this scheme.

(ii) The land shall be in his/her own name or inherited or taken on lease for a period of not less than ten years. Those holding land on lease should have a valid period of at least 5 years on the date of application.

(iii) The name of the applicant should either appear in the land document Form I and XIV or should produce appropriate documents to indicate ownership.

(iv) Minimum area for assistance for cultivation of Coconut, Pineapple, Banana, Papaya, floriculture is 0.1 ha, while it is proposed to be 0.2 ha in case of other crops.

(v) The criteria of land requirement is proposed to be dispensed for scheme of distribution of fruit plants to rural households as they are to be planted as backyard plants.

(vi) Drip & Sprinkler irrigation system should be installed by approved dealer only.

4. *Pattern of Assistance.*—

Pattern of assistance for Coconut cultivation:— Under Central Sponsored Scheme “Coconut Development Board” provides assistance for area expansion in coconut. The assistance provided by Government of India under this scheme is only Rs. 8,000/- per ha and is spread over 2 years in equal instalments of Rs. 4,000/- per ha each.

The average cost of cultivation in the State for local tall varieties and hybrid dwarf varieties is about Rs. 40,000/- for 160 palms per ha. An assistance of 75% on the cost of cultivation i.e. Rs. 30,000/- for 160 palms per ha and in proportion to number of palm planted shall be provided to farmers. Maximum subsidy for one

beneficiary shall be restricted to 320 trees suitable to cover 2 hectares.

Subsidy provided by GOI through Coconut Development Board (CDB) will be adjusted within 75% subsidy so that the farmers cultivating coconut gets 75% subsidy on the cost of cultivation upto a maximum subsidy of Rs. 30,000/- for 160 trees or in proportion to area covered.

1.1 *Pattern of assistance for Cultivation of Banana/Pineapple/Papaya:*—

- The initial cost of cultivation of Banana, Pineapple and Papaya is very high. The assistance provided for cultivation of Banana under National Horticulture Mission (NHM) scheme is inadequate for the farmers of State of Goa due to high costs.

- The cost of cultivation of Banana, Pineapple & Papaya is estimated at Rs. 90,000/- per ha. An assistance of 75% of the cost upto a maximum of Rs. 67,500/- per ha will be provided in proportion to area cultivated. The assistance of Rs. 22,500/- per ha provided under National Horticulture Mission (NHM) for Banana would be adjusted within the above assistance and only balance assistance would be provided under this State Sector Scheme.

- The State subsidy shall be provided in 1st year as one time assistance over and above the assistance provided under National Horticulture Mission (NHM) scheme for that year.

- Continuous plantation of at least 320 suckers of tissue culture or 250 suckers/seedling of other varieties of Banana/Papaya, 4500 suckers of Pineapple, shall be considered for assistance with adequate arrangement of irrigation for a maximum of 4 ha of area.

1.2 *Pattern of assistance for Cultivation of Flowers:*—

- An assistance of 75% of the cost of cultivation limited to Rs. 75,000/- per hectare

for bulbous crop and Rs. 45,000/- per hectare for loose flowers crops shall be provided for new area expansion. The assistance would be provided upon actual planting and verification of its complete maintenance by farmers. The assistance would be provided to minimum area of 0.1 ha, cultivated either individually or by group of farmers, women, Self Help Groups (SHG) etc., and for maximum of 4 ha of area.

1.3 Pattern of assistance for Cultivation of Fruits/Spices, etc.:-

•An assistance for all types of fruits and spices cultivated on an area of 0.2 ha and above is provided to the extent of 75% of the cost of cultivation or a maximum Rs. 30,000/- per hectare for crops other than Banana, Papaya and Pineapple and Flower.

•The assistance that is provided under Government of India scheme like National Horticulture Mission (NHM), etc., would be adjusted within this subsidy.

•The subsidy under State shall be paid as per NHM pattern in case of NHM crops while in other crops in two equal instalments in two years.

•Crops like Chickoo, Kokum, Breadfruit, Mango, Cashew, Jackfruit and Guava, etc., shall be considered for subsidy.

•Spices like Turmeric and Ginger will be paid subsidy for the 1st year in one instalment only.

•In respect of crops like Cashew, Mango which are covered under NHM, the assistance provided for Cashew and for Mango under NHM would be adjusted and balance assistance would be provided under State Sector Scheme.

1.4 Pattern of assistance for Creation of Irrigation Infrastructure:-

(a) Pumpsets/Replacement and up-gradation of irrigation system:—

•Assistance is provided towards installation of new water pumpset connection, replacement of existing pumpsets, up-gradation of existing irrigation systems, installation of add-on gadgets like remote control, timers, fertigation tank, sand filters, etc.

•In case of new installation of pumpsets with capacity upto 5 HP, assistance will be upto 90% of the approved cost, whereas water pumpsets above 5 HP will be assisted upto 50% of the approved costs.

•The following cost norms are fixed as follows:—

Sr. No.	H. P of Pumpset	Maximum admissible cost including	Subsidy admissible on max cost (90%)
1	2	3	4
1.	1 HP Self Priming Single Phase	8000	7200
2.	1 HP Monoblock Centrifugal Single Phase		
3.	1 HP Submersible Monoblock Single Phase	11000	9900
4.	1 HP Self Priming Single Phase	6000	5400
5.	1.5 HP Centrifugal Monoblock Single Phase	9000	8100
6.	1.5 HP Submersible Monoblock Single Phase	13000	11700
7.	2 HP Monoblock Centrifugal 3 Phase	12000	10800
8.	2 HP Submersible Monoblock Single Phase	13500	12150
9.	3 HP Monoblock Centrifugal 3 Phase	18000	16200
10.	3 HP Submersible Monoblock Three Phase	18000	16200
11.	5 HP Monoblock Centrifugal 3 Phase	21500	19350
12.	5 HP Submersible Monoblock Three Phase	21500	19350
13.	7.5 HP Monoblock Centrifugal 3 Phase	24000	12000
14.	7.5 HP Submersible Monoblock Three Phase	24000	12000
15.	10 HP Monoblock Centrifugal 3 Phase	28500	14250
16.	10 HP Submersible Monoblock Three Phase	28500	14250

- Assistance @ 50% of approved cost shall be provided for replacement of all the pumpsets which are more than 5 years old, irrespective of their capacity.

- Pumps required to be replaced for up-gradation of irrigation system due to installation of sprinkler/drip, would be provided assistance @ 90% and 50% as proposed for fresh installation.

- Assistance for add-on gadgets like remote control, timers, fertigation tank, sand filters, etc., would be 50% of the cost.

(b) Assistance for Micro Irrigation:—

- Government of India under Central Sector Scheme National Mission on Micro Irrigation (NMMI) provides 50% subsidy on installation of micro irrigation for small and marginal farmers (upto 2 ha area) and 40% subsidy for general farmers. Maximum assistance is provided for 5 ha area.

- A total of 90% subsidy for the cultivators willing to install drip irrigation system and 75% subsidy on sprinkler irrigation system installation shall be provided. The subsidy eligible from Government of India shall be adjusted against the total subsidy due to the farmer.

- Approved costs for drip and sprinklers are adopted for different spacing of crops as prepared by National Mission on Micro Irrigation (NMMI) operational guidelines. The details of cost for drip/sprinklers irrigation worked out by Government of India, are attached at Annexure I.

- As the estimated cost by Government of India are far lower than those prevailing in Goa due to higher cost of system, labour costs, etc., it is proposed that 50% additional weightage may be permitted while calculating subsidies under State Sector Scheme.

- Subsidy is released after the system is installed, commissioned and works to the satisfaction of the farmer. Subsidy would be

provided to the actual covered under the system.

(c) Assistance for Water conveying pipeline:—

- Farmers should hold minimum 0.1 ha land area. Farmers installing conveying pipeline will be provided assistance upto 50% of the cost limited to a maximum of Rs. 25,000/- per farmer.

- The farmers shall invariably use Rigid PVC or HDPE pipeline with diameter of 50 mm or more.

(d) Assistance for Water storage tank:—

- Cultivators holding minimum 0.2 ha area under agriculture shall be provided with 50% subsidy on the standard cost for digging pond for storage of water for irrigation.

- The farmer can opt for any size of pond as per the need of the crop and subsidy will be provided on pro rata basis.

- The lowest size of the pond admissible for subsidy shall be 15 m³ and maximum 100 m³.

- The cost of construction per cubic meter of storage structure/pond shall be restricted to Rs. 1,600/- and 50% subsidy thereon shall be provided as per actual size and maximum limited to Rs. 80,000/-.

1.5 Pattern of assistance for Vegetable seeds:—

The vegetable seed requires to be replaced for better productivity at least once in two to three years. It is proposed to provide 50% subsidy for open pollinated high yielding vegetable seed and hybrid seed sold through the departmental sale points or through the Zonal Agriculture Office (ZAO).

1.6 Pattern of assistance for distribution of fruit plants for homestead gardens:—

- Each household shall be provided with one or two fruit bearing plants free of cost for planting in their back yard.

•The cost of seedlings/grafts supplied to each family shall not exceed Rs. 50/-.

•Each Constituency shall be supplied 1000-1500 plants as per the needy households in the Constituency with the total of 50,000 plants.

•The public schools, colleges taking up tree planting in their land shall also be provided with maximum of 200 plants apart from the plants provided for households.

•Scheduled Caste and Scheduled Tribe household shall also be provided with the plants under Tribal Sub-Plan.

1.7 Pattern of Assistance for development and maintenance of departmental farms:— The Department of Agriculture has 10 farms located at Dhave in Satari, Kawlebagh in Pernem, Dhuler and Pilerne in Bardez, Ela and Chimbel in Tiswadi, Codar in Ponda, Margao and Durga in Salcete, Kalay in Sanguem talukas, which requires to be maintained. There are activities like production of planting material, seeds, grafts, seedlings, etc., by utilization of existing field workers supplemented by contractual works as per the exigency of work. The existing plantation, seed plots and raising of seedling, grafts requires manures and fertilizer, pesticides, etc. It is proposed to provide an amount of Rs. 20.71 lakhs towards purchase of material, minor works, for contractual works and establishment of green house, etc.

5. Guidelines & Procedure.— (i) The cultivators interested shall submit his application in the prescribed format along with documents prescribed.

(ii) Prior approval of Directorate of Agriculture shall be obtained for drip irrigation system.

(iii) Farmers shall carry out the work as per the advice of the Zonal Agricultural Officer and report the completion of the work alongwith photograph.

(iv) The project/site will be inspected by Zonal Agricultural Office and processed for release of subsidy as per the pattern of assistance, and submit to Directorate of Agriculture for sanction.

(v) The Horticulture Section at HQ shall examine the claim and accord expenditure sanction for subsidy.

(vi) The concerned ZAOs shall draw and disburse the subsidy through Directorate of Accounts preferably by ECS mode.

6. Interpretation.— If any question arises regarding interpretation of any clause, word, expression of the scheme, the decision shall lie with the Government, which shall be final and binding on all concerned.

7. Redressal of Grievances and Disputes.— Grievances if any, arising out of the implementation of this scheme, shall be heard and decided by the Minister for Agriculture and the decision of the Minister for Agriculture in this regard shall be final and binding on all concerned.

This issues with the concurrence of Finance Expenditure Department under U. O. No. Fin (Exp)/1463988 dated 01-11-2012.

By order and in the name of Governor of Goa.

Satish S. P. Tendulkar, Director & ex officio
Jt. Secretary (Agriculture).

Sub.: "Assured Price for Agriculture Produce".

Ref.: Notification No. 3/3/Hort/AP/2/2013-14/
/D.Agri/475, published in the Official
Gazette, Series I No. 52 dated 20-03-2013.

AMENDMENT

Clause 4. Pattern of Assistance at (ii) Pattern of Assistance for coconut is replaced and shall be read as below:—

Benefit of the assured price shall be provided to the coconut sold to a registered trader to the extent of difference between assured rate of Rs. 8/- and the price received per nut by the farmers. Benefit shall be limited to 50,000 nuts per beneficiary for a maximum area of 5 hectares with 800 bearing coconut trees. The per hectare production of coconut shall be treated as per actual but not more than 10,000 nuts per ha with 160 coconut bearing trees. Farmers having less area bearing coconut trees would be paid proportionate to their area or number of bearing trees. The rate received by the farmer shall be actual price received or the average minimum rate for the week notified by the Goa State Agricultural Marketing Board, whichever is higher. Minimum number of coconut sold shall not be less than 500 in number to avail the benefit under the scheme.

The Directorate of Agriculture will fix the average minimum rate for the week by calculating the average minimum rates given by Goa State Agriculture Marketing Board (GSAMB) and other co-operative societies purchasing coconut.

The average minimum price fixed per coconut will not be less than Rs. 4/- per nut and the maximum assured price to be paid to an individual farmer shall not exceed Rs. 2.00 lakhs.

This amendment shall come into force with immediate effect. This issues with the concurrence of the Government of Goa.
